DISCLAIMER

About us: HonestyMeter is a user-friendly, AI-powered website designed to detect bias in various forms of content. (**"Service"**)

Acceptance: Your relationship with us shall be governed by this **Disclaimer**, our **Terms of Service** and **Privacy Policy** statement displayed on the website - https://www.honestymeter.com/. By accessing and/or using our platform, you accept and agree with this **Disclaimer**, and all our terms and conditions.

Disclaimer:

a) **As-is:** All services offered on this website are provided "as is" without any warranties, express or implied. We do not make any representations or warranties regarding the accuracy, reliability, or completeness of the services or the results obtained from their use. Your use of the services is at your own discretion and risk, and you are solely responsible for any decisions or actions taken based on the services provided. We make no guarantees regarding the availability or functionality of the services and reserve the right to modify or discontinue them at any time without notice. Our evaluations are generated through a combination of complex algorithms and AI analysis, which may not capture every nuanced aspect of the content being assessed.

b) **No Legal Advice:** Please be aware that HonestyMeter is not a source of legal, professional, or financial advice. Our platform does not substitute for the guidance of qualified professionals. If you require legal or professional advice, we strongly recommend consulting with an appropriately qualified expert.

c) **Experimental Nature:** HonestyMeter is an experimental demo version that is not intended for any commercial or production use. Its primary purpose is to showcase the potential of our innovative technology. We are actively in the process of developing more sophisticated algorithms to significantly enhance the reliability and consistency of evaluations. Nevertheless, even in its current state, HonestyMeter frequently offers valuable insights that can be challenging for humans to detect. Users should understand that the evaluations offered by HonestyMeter are the result of automated algorithms. While we strive for accuracy, it's important to recognize that our evaluations may not always encompass the entirety of the content's context, and user discretion is advised.

d) **Limited Objectivity**: We acknowledge that achieving complete objectivity in content evaluation is a complex and ongoing challenge. Users should be aware that some degree of bias may be inherent in the evaluations provided by this website. It is essential to acknowledge that no one can be entirely objective, and a low objectivity score, as determined by HonestyMeter, does not necessarily indicate malicious intent on the part of media outlets or journalists. Many instances of biased content are created unknowingly, with the best of intentions.

e) **Individual Beliefs**: HonestyMeter recognizes that certain types of content may be particularly challenging to evaluate for objectivity, as they often stem from individual or group beliefs and values. We encourage users to consider this contextual nuance when interpreting the results provided by our platform. It is important to note that everyone has the right to hold their individual or group beliefs and values, and users should use the framework judiciously and with respect for differing viewpoints.

f) **User Responsibility:** Users bear responsibility for their interactions, contributions, and content on HonestyMeter. This includes comments, submissions, and any other forms of engagement with the platform. We encourage respectful and responsible usage.

g) **Intellectual Property:** All content on this website, including text, graphics, logos, and other materials, is protected by intellectual property rights. Unauthorized use or reproduction of this content without prior permission is strictly prohibited.

h) **Technical Issues:** Users should be aware that while we make every effort to provide a seamless and uninterrupted experience on our website, the nature of online platforms means that technical issues or disruptions may occasionally occur. These issues can include, but are not limited to, server outages, system maintenance, or unexpected glitches. We are not responsible for any loss that you may suffer due to this.

i) **Limitation of Liability:** To the fullest extent permitted by applicable law, HonestyMeter, its owners, its affiliates, and its respective directors, officers, employees, and agents shall not be liable for any direct, indirect, incidental, special, consequential, or punitive damages, or any loss of profits or revenues, whether incurred directly or indirectly, or any loss of data, use, goodwill, or other intangible losses, resulting from (a) your use or inability to use the website; (b) any unauthorized access to or use of our servers and/or any personal information stored therein; (c) any interruption or cessation of transmission to or from the website; (d) any bugs, viruses, trojan horses, or the like that may be transmitted to or through the website by any third party; (e) any errors or omissions in any content or for any loss or damage incurred as a result of the use of any

content posted, emailed, transmitted, or otherwise made available through the website; and/or (f) your reliance

on the completeness, accuracy, or existence of any content on the website.
